

Carbon Reduction Plan

Supplier name: Elevate Homes

Publication date: 28/05/2025

Commitment to achieving Net Zero

Elevate Homes is committed to achieving Net Zero emissions by 2045. This reflects our dedication to sustainability, innovation, and social responsibility in the built environment.

Baseline Emissions Footprint

Baseline Year: 2023

Our baseline emissions are recorded from 2023 and provide the reference point for all future emissions reductions. Emissions were measured across the following categories:

- Scope 1: Direct emissions from company operations
- Scope 2: Indirect emissions from energy use
- Scope 3: Upstream transportation, waste, business travel

Excluded: employee commuting (work from home), downstream transport (no client-paid delivery).

Baseline Emissions (tCO2e)

Scope	Scope 1	Scope 2	Scope 3
Emissions	9.7	0.0	0.9

Total Baseline Emissions: 10.6 tCO2e

Current Emissions Reporting

Reporting Year: Jan 2024 to Dec 2024

Current emissions reflect increased activity relative to turnover growth.

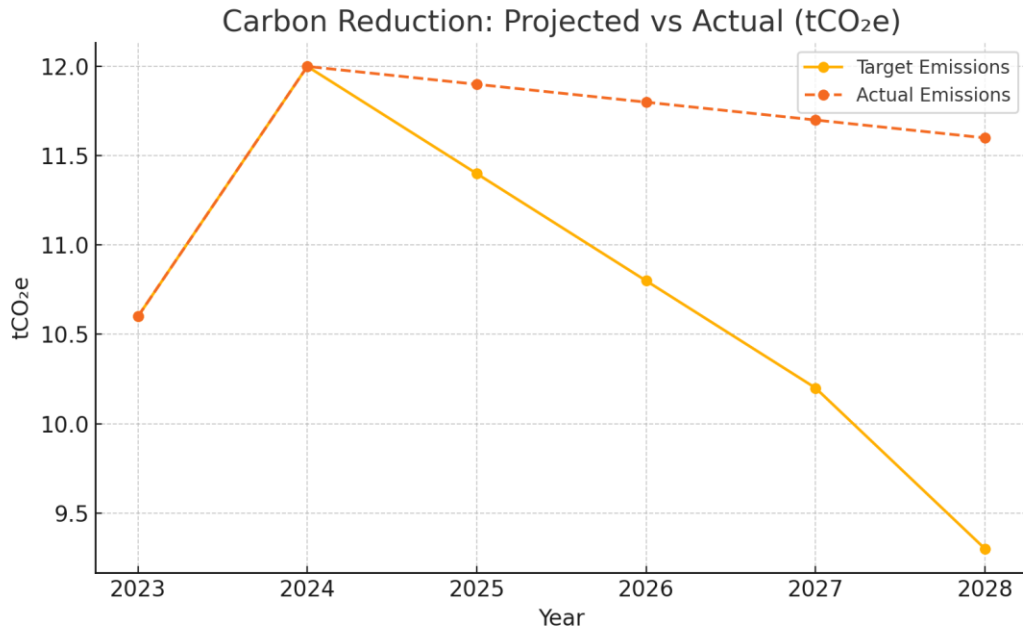

Current Emissions (tCO2e)

Scope	Scope 1	Scope 2	Scope 3
Emissions	11.0	0.0	1.0

Total Current Emissions: 12.0 tCO2e

Emissions Reduction Targets

To continue progressing towards Net Zero, Elevate Homes aims to reduce emissions by 22.7% over the next 5 years, reaching 9.3 tCO₂e by 2028.

Carbon Reduction Projects

Completed Initiatives

- Recycle as much waste as possible
- Use recycled materials
- Work from home policy maintained
- Car share whenever possible
- Home offices equipped with LED lighting

Future Initiatives

- Investigate switching company vehicles to EVs
- Transition to 100% renewable electricity in home offices
- Introduce driving policy aiming to reduce vehicle emissions by 7% annually
- Collaborate with suppliers (e.g. Travis Perkins) on their Net Zero strategies
